Amusement List Has Two New Offerings.

Musical comedy, polite drams, and the higher type of melodrama which usually accompanies the dramatization of a novel, with a revival of a highly successful Faversham portrayal by the local stock company, make up the four principal bills in Washington this week. The other houses follow their usual policy with strong program assured at each theater.

This seemed an eas; question to answer in the affirmative, and Mr. Frohman had made another convert to the gospel of beauty.

A glance at the pictures of the women who are foremost in the ranks of the army of Frohman players shows that he has proven the truth of his statement. There are six women stars who scintillate in the Frohman constellation, and of these six there is not one who would not attract instant attention by reason of her personal charm alone, in almost any sphere. Kidney and bladder weakness result from uric acid, says a noted authority.
The kidneys filter this neid from the blood and pass it on to the bladder, where it often remains to irritate and where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. Teach the Children to Run for Dioxogen

Perhaps not more than one "hurt" in a hundred may have serious consequences-but the ONE! Prevention of one case of blood poisoning is worth a life-time of care. Dioxogen prevents infection-keeps the little hurt from growing big. Put the Dioxogen bottle where the children may use it for all their little "accidents."

Dioxegen

is the pure Peroxide of Hydrogen. It does its purifying work by the liberation of oxygen-nature's great purifier.

Always ask for Dioxogen by name. Look out when a common peroxide is offered you because it's "cheaper"-cheapness means impurity.

Cheap peroxides are "preserved" with acetanilid-the poorer they are the more they require it. Without it they would not "keep" to reach the

druggists' shelves. With acetanilid they keep longer, but it also makes them rank and gives them that objectionable taste and smell that may have made you dislike all peroxide. Look at the label before you buy. Dioxogen contains no acetanilid. Dioxogen keeps without it. Ask your druggist for a bottle today.

Dioxogen is always sold in a sealed container for your protection. See that this container is sealed when you buy.
